RING RESIZING
IN 3 EASY STEPS

We are pleased to be able to offer Gemporia customers these very competitive rates for resizing.

Please use the ring sizing kit included with your first order to measure your finger and send your ring(s) together with this completed form to us. Please make sure you use an insured delivery method, like Royal Mail Special Delivery.

As we are aware that sometimes resizing can lead to the loss of your hallmark, should this happen, we will have your ring re-hallmarked by the Birmingham Assay Office at no extra cost to you.

All prices include return by courier service.
